- Program –
 - Our History moment was about the Hooded Oriole. This bird migrated to our area from Southern California after the early Settlers planted orange and palm trees.
 - Jim talked briefly about the museum and some of the homes and early settlers on the neighborhood
 - Walking tour project - Jim, Bob and Wendy are working on updating the 'Walking Tour' brochure and scope of the tour.
They are using the 1995 brochure as a starting point, adding sites and information. They have been working also with the cemetery personnel to get more information. In addition to updating the tour and information in the brochure the 'Tour' has been up loaded to our website so that users do not have to have a paper brochure, but can pull it up on their phone, pads or home computer. The new 'Tour' site will not only have written but audio information so you can listen as you walk or peruse the site
GREAT JOB folks!
Jim also asked that we test the site and give him. Bob or Wendy feedback so they can make it work better for all.
