

Full Moonrise at the Fair Oaks Bridge - 2020

Once a month (or twice when there's a Blue Moon), on the evening of the Full Moon, residents of Fair Oaks gather at the Old Fair Oaks Bridge to welcome the moonrise. It's a beautiful place and a beautiful sight. When the mood strikes, some sing moon songs. Others gather at the top of the Fair Oaks Bluffs. Bring hors d'ouvres, libation (please, plastic glasses), and friendly conversation. We'll see you there!

Date	Moonrise	Azimuth	Name
